

KURTSAN OTOMOTIV SAN. VE TIC. A.Ş.

ABOUT US

Kurtsan Otomotiv San. ve Tic. A.Ş. was established in Konya in 1982. Kurtsan has been producing hubs for trucks, trailers, buses and commercial vehicles since 1982, develops its production line by following the advanced technologies every year.

Kurtsan is exporting 92% of the whole production to 82 countries and has put its name among the world-famous brands with confident steps. In addition, with the agreements of SKF, FAG and Timken brands, premium bearings are offered to the customers with Kurtsan hubs. Kurtsan, exporting the half of the production to Europe, has also made a strong entrance to the US market and has become a unique manufacturer and partner with more than 750 different models of the products.
