

DINAMIK OTOMOTIV

Turkey's Aftermarket Leader

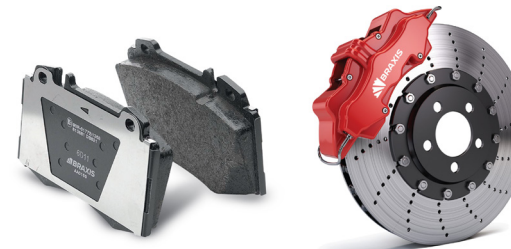

www.dinamikotomotiv.com.tr

ABOUT US

Dinamik Otomotiv which is founded in 1998 under the roof of Ada Group, is the leading automotive spare parts supplier in all kinds of products with a fast distribution network. Supplying electrical, electronic, mechanical, engine and friction parts of passenger car, commercial vehicle, light commercial and heavy vehicles are included in the scope of activities of Dinamik Otomotiv.

Kraftvoll Germany, that we are executing the distribution, aims to bring together nearly ten thousand products in the automobile and heavy vehicle group with its domestic and international customers. Kraftvoll Germany's head office located and Logistic Warehouse operates in Munich. Each product in the product range is designed to meet the customer's expectation at the maximum level with international quality standards.

Another brand we execute the distribution is Braxis. Braxis is a new brakes solution partner of the automotive aftermarket industry for the private cars and light and heavy commercial vehicles. BRAXIS carries out the sales in Turkey through Dinamik Otomotiv, the solution partner with 18 warehouses, 22 sales offices, fast distribution network and excellent service.
