

LOGEL MAKINE OTOMOTIV SANAYI VE TICARET ANONIM SIRKETI

ABOUT US

Lögel founded in 1983, has been producing silk screen printing, textile printing machines and CNC glass processing machines. Lögel has succeeded in significant achievements in the domestic and international markets. The works performed by in-house R&D department.

Lögel has aimed to reach new target and has started to produce friction materials. R&D started in 2006 and reached to target 2011. Lögel continue to test hundreds of friction material formulation to be the one of the leading company in the market. Lögel uses best technologies while manufacturing the friction materials. Lögel has the modern production factory in Gebze, which is the industrial center of Kocaeli very near to Istanbul.

Furthermore Lögel aims to fulfil permanent customer satisfaction with long lasting reliable warranty and superior quality as proven by ISO 9001. Lögel has started to export dozens of countries since 2011. We are looking for the new business opportunities to reach our new target.
