

SKOPAR

ABOUT US

SKOPAR was established in 1989 as the only authorized to supply and distribute the Skoda auto spare parts in Turkey market. In addition to the distribution of spare parts, SKOPAR successfully fulfilled the task of providing a single authorized center service until 1993.

With the participation of the Skoda brand into the VAG in 1992, Volkswagen, Seat, Audi spare parts were included in the expanded product range for new brands, and SKOPAR started to market them.

Since 1994, SKOPAR has started to be active for commercial activities also outside of Turkey.

Currently having a superior quality Vika, DPA, Borsehung, NOVA, TWP and BOGAP of VAG spare parts, our company which distribute all cross of Turkey and all world, has one of the most modern and technological distribution centers in the sector, which is established on a total closed area of 3,500 m2 and has a storage capacity of 20,000 m3, equipped with EU Standards.

The principle of SKOPAR is our wide product range, high-tech products and our qualified staff with our on-time delivery, working with stock, customer satisfaction, trust, stability and quality, and today SKOPAR reached Turkey's largest VAG aftermarket spare parts distribution center.
