

WEGER MOTORLU ARACLAR SAN. VE TIC. A.S.

ABOUT US

Weger Motorlu Araclar San. ve Tic. A.S. The journey began as a small business engaged in the supply of spare parts for heavy duty trucks in Ankara in 1956.

Our company, which has been operating in Turkey over the years, started exporting in 1990 and producing in 1994. Our company, which moved to its new production facilities in Çorlu in 2017, continues its activities in its new place. Our company, which is a Turkish brand that has accepted its quality worldwide, produces directly to vehicle manufacturers and exports (Flywheel-Brake discs-Brake pad) its products directly to 36 countries with its own brand, Weger.

Tutanlar Motorlu Araclar Tic. ve San A.Ş. has integrated its title with the WEGER Brand in 2020. Our company launched the brake disc, brake pad line section in 2012.

Weger Motorlu Araclar San., Ve Tic. A.S. One of the biggest companies of the Turkish automotive industry today. It continues to provide spare parts for the world's important heavy vehicles, commercial vehicles and passenger vehicles.
